Warranty information

a) All manufacturers' equipment and apparatus installed as provided for in this contract shall carry the full warranties of sold hot tub, supported by the limited warranties on the manufacturer.

b) Warranties are effective only if the buyer has complied with all the terms and conditions, payments and provisions of the contract.

c) The seller will endeavour to repair under issued warranties any products or parts found defective in materials or workmanship under terms of the manufacturer's warranties

d) Relocation of the spa, unless approved or conducted by the seller or his agent, will void any warranty.

The warranty is effective only to the original buyer of the spa.

All warranties are vested with the equipment manufacturer.

For all Hot tub products, please note that failure to supply the recommended power will void the manufacturer warranty.

Poor water balancing will cause high levels of pH or water hardness resulting in limescale build up on heaters, internal pipework, jets, pumps, shell etc. this is not covered under warranty.

Poor filter cartridge conditions can cause faults with hot tubs damaging spa components and is not covered under warranty.

Freezing conditions can cause damage to your spas components and pipework if the spa is left unused and not winterised correctly, this is not covered under warranty.

Filling your spa with hot water will void the manufactures warranty

Any headrests in any Hot Tub/Spa/Swim Spa are not covered under warranty.

Cover clips are not covered under warranty

Covers have a one year warranty against a manufacturing fault, not general use.

Cover lifters have a one year warranty against a manufacturing fault, not general use

Filters and other consumables are not covered under warranty
